CREAM OF NEWS.

Talmage Dec. 6.

The Talmage Board of managers have made a positive engagement with Dr. Talmage for December 6th. There is no truth in the report that he will not come.

W. W. Wain, President.

Fatal Shooting Affair.

Alex. Bell and Dave Hughes, two Alleenville negroes, engaged in a row last Thursday night and Hughes was killed in the breast, the wound being produced last. Bell was immediately arrested and is now in jail at Elkton. The trouble between the two negroes grew out of some trivial matter and it appears that there was no provocation whatever for committing a crime, which may prove to be that of murder.

A Heavy Penalty.

To-day the last day for paying State and County taxes without the 10 per cent. penalty. To-morrow the penalty attaches and will have to be paid without exception. About two-thirds of the taxes have been paid prior to the deadline, the greater portion of it in the last few days. This leaves about \$25,000 unpaid, the penalty on which will be \$1,500. Under the new Constitution all Sheriff's will have to settle with the State Auditor on or before Dec. 1.

Mule That Captured.

Will Rogers, col., was arrested near Russell Saturday night charged with stealing a mule from the R. O. Hopkins, of the Pottsville neighborhood Thursday. An officer delivered him to the authorities here Sunday and he is now in jail. Rogers confesses the crime and says he will enter a plea of guilty when he is arraigned for trial next February. This means a good term in the penitentiary as the penalty for horse stealing is from two to ten years, at the discretion of the jury. Mr. Hopkins recovered his stolen property.

Crumbs' Fine Collection.

Maj. S. R. Crumbaugh shipped forty-two yearlings, the product of his Elkwood stock farm, Nashville, last afternoon, where they will be sold Saturday at Cumberland Fair. All of his colts were in good condition and will command high prices. The animals were led through the streets of the city Saturday morning, followed by hundreds of people. Crumbaugh is making a success of his stock farm and last year sold a number of yearlings in Nashville, at an average price of \$800 per head. The yearling accompanied his son, who is now in Nashville and will remain until the sale.

Tom Johnson Heard From.

Thomas Johnson, the contractor for the stone work on the new hotel, who so mysteriously disappeared from this city Oct. 4, has been heard from and located. From here he went to Evansville, where he worked a few days. He then came to Louisville and from that place he went further up the Ohio. It is learned that he has secured government work on Green river and will operate on the rock work of locks and dams on that stream. Why he left this city so unceremoniously has not been ascertained, and it is quite likely never will be.

Big Fire at Elk.

Fire destroyed the large stone house and offices of the Crabtree Coal Company at Elk, Hopkinsville, last morning. The buildings and their contents were about a total loss, the amount being destroyed being \$100,000, with only \$10,000 insurance. The books and paper of value to the company were in a large fire proof safe and were not lost. The loss was a heavy one, but it is thought to have been known by a foreman. Two clerks who were in the building at the time, building narrowly escaped calamity.

Robbed of Her Burial Case.

Miss Annie Washington, a young lady from Trigg county, was robbed last week in this city of her burial case and some valuable jewelry. She was in possession of her wealth when passing Clifton but when she reached this city her wallet was missing. The train was crowded with passengers and a portion of her money was lost by a strange woman, who had disappeared when this city was reached. Miss Washington is of the opinion that this woman picked her pocket and then changing her seat, went on her way rejoicing. Of course nothing could be done about the matter and the chances are she will never recover her valuables.

Bad Weather Predicted.

Blacks, in his October forecast, says during the last few days of that month we will have a most - dash of winter following the close of its storm. In some of the Northern and Western States there has already been snow, sleet and much rain, and there was considerable ice Sunday morning in this section. He says about the 2nd and 3rd of November, look for higher temperature and secondary storm movements. The 7th to 11th will be a storm period, during and about which, suffering and low on land and sea will result, where fore and aft and are not averted. Snow and sleet will result to the north on or about these dates. A rare cold will be felt over the country, lasting to the middle of the month. Several storm periods are predicted for the month of November, and three cold waves are on the program.

PRICES' Cream Baking Powder.

The only Pure Cream of Tartar Powder—No Ammonia, No Alum. Used in Millions of Homes—40 Years the Standard.

Mr. G. H. Radford, representative of M. H. Nodden, the celebrated meat dealer of Louisville, was in the city this week contracting for the base work of a magnificent monument which will stand on the corner of the place of the late Estlin Norton. The base covers a space of forty-two square feet and will be of splendid workmanship. The design is in the sculpture work will be executed by the finest artist in the country. The estimated cost is \$10,000. The material used, being from the Barre quarries of Vermont, and is the finest granite quarried in America. It will be the greater portion of the granite monuments in the South. The work will be placed in position and completed within the next few weeks—Russellville Ledger.
